

August 4, 2011

Your co-op is pleased to offer the option of electronically depositing your grain sales proceeds by ACH. Choosing ACH allows you to:

- Access funds quicker
- Eliminate trips to the bank
- Eliminate lost checks
- Receive a paper copy of your settlement by mail

If ACH makes sense for your operation, simply fill out the enclosed authorization form and return it to either the Tipton or West Branch location along with a voided check on the account you wish to use. If you have multiple accounts, feel free to copy this form or pick up additional copies at either office.

We look forward to serving you!

Sincerely,

Cedar County Co-op Grain Department
